

CAMP INFORMATION

Join us for a week in God's creation! This summer, St. Christopher's is partnering with A Rocha, an international non-profit organization which promotes environmental conservation through the lens of the Christian faith. Their summer children's program teaches kids to get up close and personal with nature to learn about our special mandate to care for God's good earth.

As in previous years, campers will be assigned to teams which rotate through worship, story, science, arts, and active living. A healthy (nut-free) snack will be provided each morning. In response to the feedback we've received from parents and parishioners, we're offering just one week of camp this summer, with the option to attend for either a full day or a half day.

Kids who come for a half day of camp will learn and play from 9-12 as in previous years. Those who stay for the full day will bring a (nut-free) bag lunch and stay until 4pm. The afternoons will be an extension of the morning, with opportunities to explore the day's theme in greater depth. We'll go to the park, visit a farm, and explore plant life at the Royal Botanical Gardens. Exact details about field trips will be provided as the summer gets closer.

The unique format of this year's camp means that we may have to cap our numbers earlier than in previous years, depending on the number of volunteers and staff available. We are committed to ensuring a ratio of adults to children which is above the federally regulated recommendation. Submit your application form and payment as soon as possible to avoid disappointment! As always, our volunteers and staff are subject to the highest available screening procedures.
